The authors regret to inform that they discovered an error in Figure 3 in the original published version of the article (<https://doi.org/10.1016/j.ultsonch.2019.104654>) as one SEM image ($x = 0.02$) was unintentionally duplicated by a zoomed one ($x = 0.00$) during the process of copying and pasting between a large number of images. Fortunately, no

any of the other results were affected by this unintentional error. The corrected version of Figure 3 are attached.

The authors would like to apologise for any inconvenience caused.

Corrected Figure:
